

Amendments to the Specification

Please substitute the enclosed substitute detailed description and abstract. The substitute sections are in compliance with 37 C.F.R. § 1.125. It is not believed that the substitute sections introduce any new matter. A marked-up version of the substitute sections, in which all additions are underlined and/or boldfaced and all deletions are lined through, is also enclosed as required under 37 C.F.R. § 1.121. This substitute specification is identical to the one submitted along with the preliminary amendment filed September 30, 2003.
